

Opening Summer 2020

Construction Advisory

Thank you for your patience as we transform the Leshler Center plaza into a state-of-the-art plaza that can serve as a fourth stage for entertainment, a community gathering spot for downtown residents, workers and visitors and public art. This is a joint endeavor of the City of Walnut Creek, Diablo Regional Arts Association and East Bay Philanthropist, Eric Rudney.

To the future of arts in our community!

New and changing traffic patterns around construction could greatly change travel time and access to the Leshler Center. We strongly encourage guests to plan ahead and allow extra travel time. For more information about the project, please contact the LCA Administration Office by calling 925-295-1400.

Construction is expected to continue through June 2020.
